Good morning Petula.

I believe it was a Board policy. You may wish to check with Sharon Roulstone or Sherri Bodden Cowan who I believe were Chair and Deputy Chair at the time.

Kind regards

Franz Manderson
Deputy Governor

Subject: FOI Request - waiver for unskilled TWP

Dear DG and Bruce,

Seasons greetings and I hope all is well with you both.

I am writing in the hope that you may be able to assist with the below FOI request (see below email chain).

In short I am seeking any paperwork/information in regards to what has been a long-standing policy of the Department of Immigration (now WORC) in regards to the waiver of adverts for unskilled temporary work permits.

As far back as I can remember (2007) this has been a policy of the department. However, it is not known whether this was a directive by Cabinet or a policy of the Department. I am working with Kim from the Cabinet office however, to date she has not found such a directive.

Would either of you be able to provide any information at all regarding this policy especially when it came into effect and whether it was a department policy or a directive from Cabinet.

Any assistance is greatly appreciated.

Kind regards,

Petula
